

Epson SureColor SC-S50600 (5C)

DATASHEET

Designed to deliver a very high level of efficiency, the SC-S50600 uses two Thin Film Piezo printheads, running two sets of CMYK (or CMYK + white for the 5-colour model) ink simultaneously, to print at speeds in excess of 51m²/hour. A built-in dryer ensures prints are ready quickly and, to further boost productivity, Epson's additional drying unit is included as standard.

Loading a new roll is a one-person job using the jack system at the rear, and the media loading lever is conveniently accessible from both the front and rear of the printer. Heavier rolls up to 80kg can be easily accommodated using the printer's optional heavy-roll supply system.

The SC-S50600 automatically optimises media handling and printhead alignment for the media type, and automatically adjusts the substrate tension to enable accurate media feeding. Feed adjustments can be made during printing without stopping and re-starting.

The SC-S50600 can produce everything from posters and signs to vehicle wraps. It reliably and cost-effectively prints on vinyl, canvas, clear film, photographic paper and a range of popular banner substrates, at up to 64-inch (162.6cm) width. The 5-colour model can produce high-quality white prints on both dark and transparent substrates. Prints are lightfast for three years outdoors without lamination*.

Epson's UltraChrome GS2 Ink is odourless and nickel-free. The SC-S50600 is kinder to the environment and can be used in an office space as special ventilation is not required. To further reduce environmental impact, plus energy bills, the printer is power efficient.

KEY FEATURES

- Prints at 51.8m²/hour
- One-person jack system
- Auto-optimised media handling
- Posters, signs, banners and more
- 3 years outdoors*

PRODUCT SPECIFICATIONS

TECHNOLOGY

Printing Method	Epson Micro Piezo™ TFP print head
Printing Resolution	1,440 dpi
Ink Technology	Epson Ultrachrome® GS2

PRINT

Printing Speed ISO/IEC 24734	13.2 m²/h
Draft printing speed	52 m²/h
Nozzle Configuration	720 Nozzles black, 720 Nozzles per colour
Colours	Black, Cyan, Yellow, Magenta, White

For detailed information on printing speeds please visit <http://www.epson.eu/testing>.

CONNECTIVITY

Interfaces	USB, Ethernet
------------	---------------

PAPER / MEDIA HANDLING

Paper Formats	64 " (162.6 cm)
Print Margins Roll Media	Mode 1: 5 mm (top), 3 mm (right), 5 mm (bottom), 3 mm (left)
Duplex	No
Compatible Paper Thickness	0.1 mm - 1 mm

GENERAL

LCD screen	Type: Color, Smart-navigation touch-panel, Diagonal: 6.3 cm
Energy Use	895 W, 775 W (economy), 14 W (standby)
Supply Voltage	AC 100 V - 240 V, 50 Hz - 60 Hz
Product dimensions	2,620 x 1,259 x 1,311 mm (Width x Depth x Height)
Product weight	238 kg
Compatible Operating Systems	Mac OS 10.4+, Windows 7, Windows 7 x64, Windows Vista, Windows Vista x64, Windows XP, Windows XP x64
Noise Level	Operation: 60.5 dB (A) - standby: 7.9 dB (A)

OTHER FEATURES

Memory	Printer: 512 MB, Network: 128 MB
--------	----------------------------------

OTHER

Warranty	12 months On site service
----------	---------------------------

LOGISTICS INFORMATION

SKU	C11CC21001A1
Barcode	8715946523682
Dimensions Single Carton	1100 x 3165 x 1030 mm
Carton Weight	153 Kg
Country of Origin	China
